

NuOrder: Export Customers

User have the ability to export their existing AIMS360 wholesale customers to the NuOrder site as desired.

NOTE: This will help ensure you do not end up with duplicate customers in your AIMS360 system when importing orders.

1. Launch the Export Customers modules from Third Party > NuOrder

1.1 Select Customers to Export

Using our standard filtering and sorting options in the Browse screen, you can easily export all Customers or only those desired.

The screenshot displays the 'Export Customers' window in the NuOrder application. The window title is 'Home Export Customers'. It features a toolbar with 'Close', 'Refresh', and 'Support' buttons. Below the toolbar, there are system view options ('System Views', 'My Views') and a dropdown menu showing 'NuOrder - Not Exported Customers'. There are also 'Views' and 'Auto Width' buttons, and a 'File System' dropdown. A status bar at the top right indicates 'Number of records: 225' with a 'View records count' link.

The main area contains a table with the following columns: Select, CustomerAccount, CustomerName, Status, City, State, Country Code, Phone, SalesRep1, Commission Percent1, and Division. The table lists 225 records, with the first 20 visible. Each row includes a checkbox for selection. A 'Field Chooser' is visible on the left side of the table. At the bottom right of the window, there is an 'Export Customers' button. The footer of the window shows '168 | Last Database Backup Taken On: 08/21/2015 11:08:40 AM | Copyrights AF Technology LLC'.

1.2 Click Export Customers

Once you have made a selection, simply click export customers to send them to NuOrder

The screenshot shows the 'Export Customers' window in the NuOrder application. The window title is 'Home Export Customers'. At the top, there are buttons for 'Close', 'Refresh', and 'Support'. Below that, there are tabs for 'System Views' and 'My Views', with 'NuOrder - Not Exported Customers' selected. A 'Views' dropdown is set to 'Auto Width'. On the right, it shows 'Number of records: 225' and a link to 'View records count'. A 'Field Chooser' on the left allows grouping by area. The main area is a table with columns: Select, CustomerAccount, CustomerName, Status, City, State, Country Code, Phone, SalesRep1, Commission Percent1, and Division. The table contains 225 records, with the first 20 visible. A red box highlights the 'Export Customers' button in the bottom right corner.

2. View Exported Customers

After exporting customers, check the Already Exported view to review and update as needed.

NOTE: You only need to update customers if you have made a change in AIMS360 that you wish to send to NuOrder

The screenshot shows the 'Export Customers' window in a software application. At the top, there are navigation buttons: 'Close', 'Refresh', and 'Support'. Below these, there are tabs for 'System Views' and 'My Views'. The 'System Views' tab is active, showing a dropdown menu with 'NuOrder - Exported Customers' selected. To the right of the dropdown, there are buttons for 'Views' and 'Auto Width', and a status bar indicating 'Number of records: 6' with a link to 'View records count'. Below the dropdown, there is a 'group by area' section with 'NuOrder - Exported Customers' selected. The main area contains a table with the following columns: Select, CustomerAccount, CustomerName, Status, City, State, Country Code, Phone, SalesRep1, Commission Percent1, Division, and Fa. The table contains six rows of customer data. At the bottom right of the window, there is a blue button labeled 'Update Customers'. The status bar at the very bottom of the application shows '3:604', 'Last Database Backup Taken On: 08/21/2015 11:08:40 AM', and 'Copyrights AF Technology LLC'.
